

For the development, production and maintenance of our innovative aircrafts we are looking for a staff member for the department

## **Material management / process development (m / f)**

at the Strausberg airport (near Berlin).

### Your areas of responsibility

- Purchasing and tracking of parts and materials for the development, production and maintenance
- Negotiation with suppliers
- Handling of non-conformities and claims
- Organization of storage
- Goods receiving and goods issue
- Support of work preparation
- Creation of new, efficient processes
- Visualizing processes in process documentation

### Your profile

- Experience with material management and work preparation
- Good experience with ERP systems
- Personal drive for improvement and efficiency
- Good proficiency in German and English in written and word

### We offer

An exciting field of activity in various areas related to general aviation and innovative propulsion systems. Our professional and young team would like to welcome you to our EASA-approved development organization. We would like to work with you on pioneering projects and make them fly. Our transparent, dynamic and creative way of working will inspire you. You will quickly be swept away and feel at home with us.

Application deadline: 30.06.2020  
Preferred start of work: 01.08.2020  
Vacancy reference id / date: #07 / 19.05.2020
